## **INTERESTS AND LIFE EXPERIENCES**

### **Travel**

I was born and raised overseas as the daughter of an American diplomat, living in several countries including Cyprus, France, Russia, Senegal, and Nigeria. I continue to travel internationally with my husband, treasuring the experiences we share abroad to learn about different cultures and ways of life. We particularly enjoy visiting Japan.

### **Hobbies**

I enjoy reading, particularly historical fiction and nonfiction, as well as writing essays and creative pieces. I play the piano. In college, I sang in an *a cappella* group and arranged music for my group. I am an active SCUBA Diver, and have logged over 200 dives. I am an amateur photographer who focuses on underwater photography. I love to cook and bake, and love to watch baseball. I treasure time with my family and friends, and have two daughters.
